Also furnished less glass bowls @.....	2.80	3.70	5.55
--	------	------	------

Packed in 1/4 Dozens @.....	3.10	4.05	5.95
-----------------------------	------	------	------

Consists of—

- 3 bowls in 1 shipping carton
- All other parts including shades and reducing collars in another shipping carton.
- Most popular package because any dealer can use this quantity and it saves expensive repacking of fragile merchandise.

Also furnished less glass bowl @.....	2.85	3.75	5.55
---------------------------------------	------	------	------

Packed in 1/12 Dozen @.....	3.30	4.35	5.95
-----------------------------	------	------	------

Consists of—

- 1 shipping carton containing all parts, including reducing collar, shade and bowl. (Used mainly for sample showing by jobbers' salesmen, although a few are sold to dealers.)

Some jobbers prefer to use bowls already in stock; hence, the prices less bowls. Any Standard No. 2 or No. 3 Fount may be used as a part of the above.

When You Purchase a

Farmor Kerosene Mantle Lamp

You Get—

1. The finest quality of light.
2. The most economical light.
3. A safe, noiseless, non-pressure light.
4. A lamp simple to operate.
5. A lamp that prevents eye strain, producing a powerful brilliant white light similar to sunlight.

Costs less than the pair of glasses you will probably have to buy if you continue to use the old red flame common coal oil lamp.
